

# What Can I Do About Global Warming?

(Do it for your children and grandchildren...and our birds!)

I can reduce my carbon ... here's my plan:

Electricity –

Transportation –

Reducing my things –

Home environment –

My food impacts -

# What Are Birds Telling Us About Global Warming?

**Directions: Think about each species of bird. Apply what you've learned in this session to forecast whether this bird will thrive or decline in coming decades due to Global Warming? Explain your thinking...**

1) Spruce Grouse

2) Northern Cardinal

3) Hairy Woodpecker

4) Mallard Duck
